

MODEL - S-95 Smart Battery
SKU - DTS0287D68
UPC - 6971842186860

Bullet Points:

- 95Wh
- Uses Panasonic cells
- Delivers a nominal voltage of 14.4V with a max voltage of 16.8V

Product Description:

Are you tired of running out of battery power unexpectedly during your shoots? Are you looking for a battery that not only lasts for long hours but also provides intelligent information about its power consumption? If so, the Deity S-95 Smart Battery might just be what you need.

Power and Design

The Deity S-95 Smart Battery is a powerful 95Wh battery that is designed to work with smart battery power splitters. It is built to last long hours, providing you with an uninterrupted power supply for your gear. With a nominal voltage of 14.4V and a maximum voltage of 16.8V, this battery can power a wide range of equipment, including cameras, lights, monitors, and recorders.

Intelligent Telemetry Data

One of the most impressive features of the Deity S-95 Smart Battery is its ability to deliver smart battery telemetries data like battery cycle count, temperature, and remaining capacity. This intelligent feature helps you keep track of your battery usage and plan your power management strategy accordingly. With this battery, you can avoid running out of power unexpectedly and optimize your shooting time.

Protection and Quality

The Deity S-95 Smart Battery is designed using Panasonic cells, which are known for their quality and reliability. In addition, it features overcharge and over-discharge protection, ensuring that your gear and battery stay safe. This feature also helps prolong the life of your battery, ensuring that you get the most out of your investment.

Built-In Battery Meter

Check if your battery is charged using the onboard 5 LED meter. The meter also will flash and indicate the battery capacity status when charging.

Specs:

Battery Style - 2054 Smart Battery

Battery Connector - 5-Blade

SMBus Support - Yes

On-board Battery Meter - 5 LEDs

Nominal Voltage - 14.4V

Max Voltage - 16.8V

Min Voltage - 10V

Rated Capacity - 6600mAh

Cell Maker - Panasonic

Configuration - 4S2P

Weight - 440g

Dimensions - 150.5*77.4*22.7mm

Lifespan - $\geq 80\%$

Warranty - 1yr from purchase or first 300 cycles, which ever occurs first
